## Congregation Beth Tephilath Moses

### PESACH COMMUNITY SEDER

Tuesday, April 15<sup>th</sup>, 2014

15 Nisan, 5774

6:00 p.m. Passover Seder

*Passover celebrates the spiritual renewal of the meaning of freedom.*

Holidays are so much more than mere tradition; they are cosmic signposts alerting us to unique spiritual frequencies that appear for a limited time. Yes, the actual historic events, the holidays, did happen, but we are not celebrating the event.

We are connecting with the actual energy that made the event happen in the first place. Accessing these unique frequencies increases our desire to break through our self-imposed fears and limitations. Join us as we celebrate!
